Extract from the Staff Meeting Minutes of 30 June 1980:

Mr. Carlucci called attention to erroneous press reports over the weekend of CIA clandestine radio broadcasts in Iran aimed at undermining the rule of the Ayatollah Khomeini (see 27 June New York Times article by David Binder attached). Noting that Congressional inquiries can be expected soon on this matter, Mr. Carlucci advised that OLC take the initiative and provide appropriate denials. The Director added that Hetu should contact State's newly appointed spokesperson(s) to ensure henceforth that public comment by State regarding matters involving CIA be coordinated with us beforehand.
